

Spanish YEAR 10 - What we will be learning this half-term

During the first half of the Spring term, Year 10 will be developing their writing and reading skills, with a focus on exam questions within these 2 papers. Within the topic of **Education Post-16**, we will be developing grammatical understanding of *si clauses*, *reflexive verbs* & expressions with *tener*.

Homework: The Memrise course for this term is *Education – Post16 (100 words)*. Students will be required to complete this course before **Monday 11th February 2019**.

In addition, students will be required to access their own accounts on **Thisislanguage**. Students will have tasks to complete which will be submitted electronically.

Assessment type – Reading and Writing

Paper 3 – reading – and Paper 4 – writing – are each made up of 3 sections which demand particular skills of students. This term we will be focusing on **the photo-card task and the English – Spanish translation** question of Paper 4. We will continue to work on our understanding of questioning in Spanish, looking at taking meaning from questions and formulating them spontaneously.

Kerboodle is an excellent resource for independently developing reading skills by accessing the interactive reading activities linked to our new topic – 11.1.

NEWS!

Thisislanguage is a new program that HSC has bought into for years 10 and 11 Spanish students. It is an excellent resource that gives students access to authentic listening material, in the form of videos, based on each and every topic on the GCSE Spanish specification.

There are tasks and activities linked to each video to ensure that students engage with every part of the audio in a supported way.

We hope that this will really help students to feel more confident about their listening skills! Ask your child to show you around their account!

Key vocabulary:
