We're coming to **The Hart School** on **Friday 6th February 2026** to give the Meningitis ACWY (MenACWY) and Diphtheria, Tetanus & Polio (Td/IPV) vaccinations. We would like your consent to vaccinate your young person. You can give this by filling in our online form (the link is below).

About the MenACWY vaccine

The MenACWY vaccine helps protect against life-threatening illnesses including meningitis, sepsis and septicaemia (blood poisoning). It is recommended for all teenagers. Most people only need 1 dose of the vaccine.

About the Td/IPV vaccine

The Td/IPV vaccine (3-in-1 teenage booster) helps protect against diphtheria, tetanus and polio. It's offered at around 13 or 14 years old (school year 9 or 10). It boosts the protection provided by the [6-in-1 vaccine](#) and [4-in-1 pre-school booster](#) vaccine.

How to respond

It's important to let us know whether you do or do not want your child to have the vaccination. It will take less than 5 minutes to respond using the link below. You need to respond by **10:00am on Wednesday 4th February 2026**.

<https://forms.mpft.nhs.uk/?session=7856&code=AD137100-26>

Talk to your child about what they want

We suggest you talk to your child about the vaccination before you respond to us. Young people have the right to refuse vaccinations. Those who show [Gillick competence](#) have the right to consent to vaccinations themselves. Our team may assess Gillick competence during vaccination sessions.

If you cannot use the online form

If you cannot use the online form, you can respond over the phone using the contact details below.

Your data

By responding, you're agreeing to your data being processed as set out in our privacy notice:
