Dear Parents and Carers,

RE: Important Notice Regarding Hot Weather and Safety at School

With the arrival of warmer weather, we understand that students may be looking for ways to stay cool and have fun during the school day. However, we would like to remind all families of an important safety rule:

Under no circumstances should students bring water pistols, water balloons, or similar items to school.

This policy is in place not only to maintain a calm and respectful learning environment but also to protect the health and safety of our school community. Some of our staff and students have severe latex allergies, and exposure to certain materials, such as those commonly found in water balloons, can lead to serious medical complications.

As the temperatures are forecast to drop next week, we will be returning to full school uniform. This means students are expected to wear their blazer as part of their daily uniform requirement. We will continue to monitor the weather and communicate any updates or changes to the uniform expectations as needed.

We kindly ask that you speak with your child about these matters to ensure they understand the importance of following school expectations and cooperating fully. We appreciate your support in helping us maintain a safe, respectful, and inclusive environment for everyone.

If you have any questions or concerns, please don't hesitate to contact the school office.

Yours sincerely

Ms. R. Sandham
Principal
