Dear Parents and Carers,

Everyday Excellence Award – Celebrating Everyday Success

At The Hart School, we believe that success comes from the positive choices your child makes every day. We want to recognise and celebrate their commitment to learning, positive behaviour and pride in being part of our school community.

We are delighted to introduce our **Everyday Excellence Award**, which celebrates students who meet three key expectations throughout the school term:

- **100% Attendance** – Your child attends school every day and makes the most of every learning opportunity.
- **In the Green** – Your child maintains a positive Hart Points balance, demonstrating positive behaviour, effort and our values: Happy, Ambitious, Resilient and Tolerant.
- **Excellent Punctuality** – Your child arrives at school on time, ready to learn, every day.

If your child achieves all three, they will receive an **Everyday Excellence Award Certificate, signed by our Principal, Ms R Sandham**, recognising their commitment and achievement.

We know that good attendance, punctuality and positive behaviour help your child to succeed. We also understand that some students face challenges beyond their control. Our wider rewards programme will continue to celebrate your child's personal progress, improvement, resilience and individual achievements.

Please talk to your child about this exciting opportunity and encourage them to work towards the award. We look forward to celebrating their achievements at the end of each term.

Thank you for your continued support in helping your child achieve their very best.

Every day matters. Every positive choice counts. Every student can succeed.

Yours sincerely,

Ms. R Sandham
Principal
