Dear Parent/Carer

This academic year we have changed how we assess the progress of your child and the way that we report to parents and carers. The format of your child's report was re-designed, along with the terminology used to describe your child's current achievement. We altered the layout of the report to give you a better understanding of the progress your child is making compared with the content delivered.

At the end of last term you will have received the new style report for your child, which contained the following information:-

- An overview of the new reporting system
- A key to understanding your child's report
- A summary of what your child has learnt this term from each subject

We believe it is really important to produce a report which is clear, easy to understand and demonstrates that the curriculum content has been delivered.

So that we can continue to develop and refine the report, we would value your feedback. We would appreciate it if you would complete a short survey on the school's website. The survey will close on Friday 31 January and can be accessed using the link <https://tinyurl.com/u9cuy6m>

Thank you for your continued support.

Yours sincerely

**Mr C Keen**  
Principal
