

Remote Learning

Please follow this reminder about where to find Remote Learning on the school's website and what to do:

- Click on the Remote Learning link
<https://www.hartschool.org.uk/main/parents/remote-learning>
and then click on the Remote Learning Timetable for your year group.
- Open ClassCharts to see if there are extra resources (documents or links)
 - If you cannot open Classcharts, please email your tutor or the school office enquiries@hartschool.org.uk
 - When you see your Classcharts To Do list, make sure you click on the homework task and scroll through the details to view the attachment or link at the bottom.
- Please note that teachers will record the submission or non-submission of work and the task will change colour:

- Open the platform you are working from (e.g. Seneca; Educake; Hegarty; LanguageNut; ThisIsLanguage). Ensure you have joined your class before completing the task – this will ensure that your teacher can see you have completed it.
- If you're not sure how to log-in, email your class teacher.
- Upload any information as directed on Classcharts.
- Finally, check announcements on Classcharts regularly.
