Dear Parents and Carers

Wellbeing App for students

As we continue to work remotely as a school, we would like to support you in providing additional pastoral support for your child by introducing a 'Wellbeing' app through ClassCharts.

Whilst we cannot provide the normal high level of face to face pastoral support, we will be able to support you and your child by directing you to helpful resources.

When accessing the app, clicking on this tab will present you with five face icons, which represent a range of emotions. These icons can be used to record wellbeing submissions for how your child is currently feeling.

To record a wellbeing submission, select the face icon that most accurately describes your child's emotions.

Guidance for use

1. Open the app – click the Wellbeing section
2. Select the emoji that is most appropriate
3. Add a comment with further details and select a category e.g. home learning
4. Click submit
5. A member of the team will endeavour to get back to your child via their school email - your child should be using their school email regularly for interaction with their form tutor and updates on remote learning

As this is a new system for us a school, feedback from the community is key so that can we constantly review and act accordingly. If you would like to provide feedback on this initiative, email enquiries@hartschool.org.uk with the subject title 'Wellbeing app' and your comments will be taken into consideration to improve provision.

Please take care in these difficult times and we look forward to our students returning to school as soon as it is safe to do so.

Yours sincerely

Mr N Lewis
Assistant Principal - Behaviour
